Subject: ST Solutions letter of Recommendation:

We are giving this recommendation letter in good faith to our business partner as a result of their excellent performance in providing Telecommunications services to our company which consists of 300+ Contact Centre Agents. Our Voice and VoIP environment consists of multiple Telco sources including TELKOM and SKYWIRE, with failover routes on all of our channels.

The ST Solutions team has consulted to and supported Digicall Solutions Group with their Telecomms connectivity needs, VoIP and Interbranch connectivity as well as peripheral solutions such as Voice Logging and Telephone Management systems.

ST Solutions became a supplier to Digicall Solutions Group in 2009, and quickly proved themselves as a reliable provider of professional services related but not limited to Telecommunications.

ST Solutions has successfully managed and delivered a number of projects and services for our business. The breadth and depth of their knowledge combined with a proven reliability qualifies them to implement complex projects.

Given our experience from the contractual engagements with ST Solutions we are happy to recommend them as a supplier of Telecommunications Consulting and products, VoIP Solutions and Professional Services.

Yours faithfully,

Johan Kriel
Group CIO
