Subject: ST Solutions letter of Recommendation:

Kganya Technology Solutions has a long-standing relationship with ST Solutions and we would like to recommend ST Solutions as a result of their excellent performance in providing support for our Telecommunications and Contact Centre environment, which consists of MITEL PABX platforms at our three Regional Offices. These offices have been "inter-connected" via our VoIP Provider, Skywire. ST Solutions were instrumental in the implementation of the Voice infrastructure and VoIP services.

Further to the MITEL Support services for which we have a 24x7x365 Service Level Agreement with ST Solutions, they take care of our telecommunications needs on a consultative and technical support basis.

ST Solutions became a supplier to our Group in 2011 and has proven to be a reliable supplier and partner to our business. Given our experience we are happy to recommend them as a supplier of Telecommunications Consulting and products, VoIP Solutions and Services.

Yours faithfully,

Pieter Huyser
